

NINTH AVENUE FOODS

Ninth Avenue Foods has developed and executed a business continuity plan to assess, strategize and implement action steps as well as measure progress on all sectors of the business such as core operational systems, customer service, staff, suppliers and site assessments in an effort to protect the health of the employees, while continuity of functions can take place to serve the public health and nutritional needs, as well as protecting the company's economic security in response to the outbreak of the COVID-19 virus that was declared a global pandemic by the World Health Organization on 3/11/2020.
